CITY ISSUES TRAFFIC ADVISORY FOR SENECA TURNPIKE

SYRACUSE, N.Y. – The City of Syracuse issued a traffic advisory today in anticipation of work being done on Seneca Turnpike in the Valley neighborhood. Between April and October 2017, crews will be milling and paving Seneca Turnpike from Hopper Road to South Salina Street. Sidewalks will be installed and curbing will be replaced where needed. New pedestrian and traffic signals will be installed, to improve traffic conditions in the corridor. Tree plantings will also be done to aide in preventing excess storm water runoff.

Two-way traffic will be maintained whenever possible and electronic message boards have been installed at each end of the project to inform drivers of ongoing traffic conditions. Drivers are encouraged to plan extra time when travelling this area.
